PAIGE 36---\$1275

Paige Model Glenwood, 5-passenger touring car

The Price Doesn't Seem Possible

This car is a **revelation** in motor car building. No other manufacturer is building such a car to sell at such a price. Maybe later, but **not for this year.**

That's why we say the Paige "36" is a **next year's car.**

For instance, does any other car in the Paige price field offer the famous Gray & Davis Electric Starting and Lighting System? Look it up. See if they do. The Paige "36" chassis was designed for the Gray & Davis System. It is a part of the car.

Look at the Paige "36" clutch, the cork insert multiple disc clutch. See what other cars offer it. Look at the Paige "36" motor size and design---4-inch bore, 5-inch stroke, and every detail splendidly refined. Look at its wheel base, 116 inches---body size, big and roomy---wheel size, 34x4 inches---ignition, Bosch magneto.

Compare the car, through and through, with any car at a competing price. Compare not only design and equipment. We want you to compare materials and workmanship, too. We will be satisfied with your judgment when you've made the comparison.

Five types of body: Model Glenwood, 5-passenger touring car; Model Westbrook, 3-passenger roadster; Model Brighton, race-about; Model Montrose, 4-passenger coupe; Model Maplehurst, 5-passenger sedan.

For those who prefer a slightly smaller, less expensive car we offer the Paige "25" in two popular body types, a 5-passenger touring car and a snappy, stylish roadster, both at \$950, completely equipped. Arrange for a Demonstration---Call or Telephone.

"Hicks at College."

On Thursday night, July 3rd, at the Auditorium, the rising young actors of our city will present the clever college play, "Hicks at College," under the auspices of the Women's Missionary Society.

The scenes are at a big Northern college and the plot centers around the important base ball game of the season and a college boy who writes ads. To make things more exciting, a love affair is cleverly inter-woven and all ends happily.

Act 1---Palace of Sweets, three days before the championship game.

Act 2---Campus of Northern University, morning, the day of the game.

Act 3---"The Quarters," home of the five boys, evening, just after the game.

About the Haupt Berry.

June 20, 1913.

Mr. John A. Head,
Bandera, Texas.

Dear Friend:—

I want to say for the benefit of all who are interested in fruit raising, that I am nearly 90 years of age, was raised in the State of New York, which is a great fruit country, and have been in the orchard and nursery business the greater part of my life. I visited your patch of Haupt Berries a short time ago, and can truthfully say they beat any any thing I have ever seen. Mr. Ramsey says in his circular something about 40 quarts being picked from one vine, and after looking at the heaps of berries on your vines I believe every word of it. Very respectfully,
AMASA CLARK.

Notice To Farmers.

I am prepared to bale all kinds of hay with my new baler, very reasonably. Give me a trial and be convinced.

Yancey News.

Yancey has been blessed with an abundance of rain for the past six weeks. Everything looks flourishing. Cotton is getting almost too rank in growth, as it is waist high and over, and unless the sun shines soon the cotton will not put on many bolls. Corn very good and there is a vast amount of milo maize planted in this vicinity, which is bringing a heavy yield. Water-melons are plentiful and are selling very cheap. H. G. Wilson bought a large bunch of cattle from W. J. Nester. Mr. Nester and family will move to Hondo where Mr. Nester has bought at Mr. Callahan's interest in the meat market. We regret to see them leave.

Mesdames Williams of Ballinger, Texas, are visiting the families of D. Williams and J. W. and T. D. McLaughan.

J. D. Burgin and little son, Ray, and Miss Nettie Jones of San Antonio visited home-folks last week.

The Masons of Yancey enjoyed a barbecue last Saturday night. Roast pig, bread, pickles, cakes and coffee were served.

LITTLE LIGHT MOCCASIN.

LITTLE Light Moccasin swings in her basket,
Woven of willow and sinew of deer.
Rocked by the breezes and nursed by the pine tree,
Wonderful things are to see and to hear.
Wide is the sky from the top of the mountain,
Sheltered the canyon from glare of the sun;
Ere she is wearied of watching their changes
Little Light Moccasin finds she can run.
Brown is her skin as the bark of the birches,
Light are her feet as the feet of the fawn;
Shy little daughter of mesa and mountain,
Little Light Moccasin wakes with the dawn.
All the rare treasures of summer time
These are the playthings the little maid knows:
Herry time, blossom time, bird calls and butterflies,
Columbine trumpets and sweetbriar rose.
When on the mesa the meadow lark,
Singing,
Folds her brown wings on the safe hidden nest,
Hearing the hoot of the owlets at twilight,
Little Light Moccasin goes to her rest.
Counting the stars through the chinks of the wigwam,
Watching the flames of the campfire leap,
Hearing the song of the wind in the pine trees,
Little Light Moccasin falls fast asleep.

AUSTIN Callan is making a mighty effort to have the United States government give pensions for good citizenship. Callan thinks that if the policy of giving pensions for being good is adopted by this government his piety will land him on the government pay roll. Strange how many schemes a fellow can invent just to get a whack at the public treasury. He overlooks the fact, however, that if that policy should be adopted so much money would be paid to WIN Price, Bill Easterling, Hondo Davis, Jesse McKee and myself that he, coming in at the tail end with Getzendaner and Express Butler, would get very little. Callan ought to get right politically and let us land that postoffice at Quemado for him—that's his only chance of getting on the government payroll.—Eagle Pass News-Guide.

Medina County Cotton Crop Worth \$1,313,751.

The Texas cotton crop for 1912 is the most valuable one in the history of the cotton industry, according to preliminary estimates furnished the Commercial Secretaries and Business Men's Association by the Federal Census Bureau. The Texas yield in 1912 was 4,880,210 bales of 500 pounds or 624,000 bales more than the 1911 crop, while the 1912 yield in the United States was approximately 3,000,000 bales less than in 1911. The excessive yield in Texas was absorbed by floods, droughts and unfavorable conditions in other southern states. The world's consumption of cotton in 1911 is reported by our Census Bureau to be 20,402,000 bales of 500 pounds net and the 1912 production will, according to reliable estimates, fall slightly under these figures. The 1911 world's production amounted to 22,297,000 or an over-production of approximately 2,000,000 bales. The average price of cotton for 1911 was 9.9 cents per pound and in 1912 the price was 12.05. The 1912 Texas crop, including seed, sold for \$388,533,822, which is an advance of \$90,658,000 over the 1910 crop, its nearest competitor.

The effect of over-production in 1911 made itself manifest in the price per pound. The 1912 world crop, while 2,000,000 bales under the 1911 production, will, in all probability, sell for several million dollars more than the 1911 crop. It will be 60 days before complete reports on the world production and prices are announced.

There were 18,933 equivalent 500 pound bales of cotton produced in Medina County from the crop of 1912 and the lint and seed sold for approximately \$1,313,751. The lint sold for \$1,140,713, and 9466 tons of seed produced in this county brought \$173,038.

Deafness Cannot Be Cured

by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

F. J. CHENEY, & Co, Toledo, Ohio. Sold by Druggists, 75c.

The value of free advice is shown by the fact that when people want something real in that line they have to pay for it and they are willing to pay well.

Obituary.

Rev. D. W. Bennett was born in Anderson County, Kentucky, October 11, 1830 and passed to his reward on high May 15, 1913. Brother Bennett came to Texas and settled in San Antonio in 1853. He was married to Miss Virginia Coker, of that place, November 18, 1855. To them eleven children were born, two sons and nine daughters; five of these died in infancy and one other, Mrs. Mary McClaugherty, about ten years ago.

He enlisted as a volunteer soldier in the Confederate Army March 22, 1862 and served to the end of the civil war, in Capt. J. R. Stevens' Company of the 32nd Texas Cavalry, Gen. H. P. Bee's Brigade of the Woods' Regiment.

Brother Bennett was converted in the good old fashioned way and joined the Methodist Episcopal Church, South,

REV. D. W. BENNETT

March 16, 1851. In 1894 he was licensed to preach, and was ordained local deacon in 1898 at Seguin. While in the Army he found time to sing and pray and tell his comrades the story of the cross, and comfort the wounded and dying. His faith never failed and his pure and devoted life touched and helped those with whom he was associated.

At the close of the Civil War, he moved with his family to Guadalupe County where he resided for many years. His devoted companion passed from this life September 3, 1898. Feeling that he was broken up, he, with Miss Alice, (Mrs. Garwood) left the old home and came to Hondo where he lived with daughter, Mrs. Tom McClaugherty, until the Lord called him to his home above. His body was tenderly laid to rest by the side of that of his companion near their old home in Guadalupe County.

It was my privilege to know Brother Bennett for many years, and to me he was one of the most remarkable characters in all my acquaintance. In his prayers he would dove-tail scripture after scripture together and make the most scriptural and most sensible prayers I ever heard. When he prayed he became, it seemed, perfectly oblivious to every thing about him and talked to the Lord.

He loved to go to church and to really hear what the preacher said. The divine fires always kindled in his heart and lighted up his face. He was always an inspiration and a help to his pastor. Truly, he was a man of God.

We mourn the loss of Brother Bennett; yes, we shall miss him; loved ones you shall miss him, but remember that some time we shall strike hands with him on the shores of Sweet Deliverance, and there shall be no sorrowing there. M. K. FRED.

This ointment is the formula of a physician and has been in use for years—not an experiment. That is why we can guarantee it. All druggists, or by mail. Price 50c. Take Plenty Of Time To Eat

There is a saying that "rapid eating is slow suicide." If you have formed the habit of eating too rapidly you are most likely suffering from indigestion or constipation, which will result eventually in serious illness unless corrected. Digestion begins in the mouth. Food should be thoroughly masticated and insalivated. Then when you have a fullness of the stomach or feel dull and stupid after eating, take one of Chamberlain's Tablets. Many severe cases of stomach trouble and constipation have been cured by the use of these tablets. They are easy to take and most agreeable in effect. Sold by W. H. Windrow.

Keeping the Body in Repair

Nature intended that the body should do its own repairing—and it would do so were it not for the fact that most of us live other than a natural life.

Nature didn't intend that we should wear corsets, tight collars or shoes, nor live in badly ventilated and draughty houses, nor eat and drink some of the things that we do, nor ride in street cars when we should walk.

The consequence is that the body when it gets out of order must look for outside help to make the necessary repairs.

For weak stomachs and the indigestion or dyspepsia resulting, and the multitude of diseases following therefrom, no medicine can be more adaptable as a curative agent than **DR. PIERCE'S GOLDEN MEDICAL DISCOVERY**.

This famous Doctor's prescription has been recommended for over 40 years, and is today just as big a success. Restores a healthy appetite. Cleanses the blood. Strengthens the nerves. Regulates stomach and liver. Demand the original.

Died.

Adolph H. Fuos is dead! These were the sad tidings conveyed by a telegram to his aged parents, Mr. and Mrs. M. Fuos, and brothers and sisters Thursday morning, sent by his brother, Chas. H., from Ojaca, Mexico.

The deceased was born at Castroville April 16, 1859, where he grew into manhood. When quite a young man he embarked in the mercantile business, first here in his home town, then at Hondo and later at El Paso, from where he went over to Mexico about twenty years ago and there embarked in the mining business. He paid his last visit to near and dear ones here about seven years ago.

Besides his aged and grief-stricken parents, deceased leaves four brothers, Louis of this place, Chas. H. of Ojaca, Mexico, Willie of Hondo and H. W. of San Antonio, and three sisters, Mrs. Lina Hummel of Riomedina, Mrs. John Stricker of San Antonio and Miss Emma Fuos, and a large number of other near and dear relatives to mourn his untimely demise.

A devoted son, a loving brother, a kind friend, beloved and respected by all who knew him, has gone to his last reward. We, an old-time school-mate, sincerely join in sympathy with the grief-stricken ones. R. I. P.

Married.

Mr. Nic. L. Tschirhart and Miss Clara Franger were happily married at St. Louis Cathedral Wednesday morning, June 18, 1913. Rev. Father Heckmann performed the nuptial ceremony. The attendants were Mr. John Franger Jr. and Miss Alice Biediger.

After the ceremony the bridal party and invited guests repaired to the Hotel Commercial where a sumptuous wedding dinner was partaken and the rest of the day was pleasantly spent in feasting and celebrating the happy event. At night a free wedding dance at the Empire opera house was largely attended and very much enjoyed.

We join the many friends in wishing the happy young couple a long, happy and prosperous married life.

A fine rain amounting to over two inches visited this section Tuesday and Wednesday. Farmers are wearing big smiles, for this will insure a bumper corn crop for most of them. The old Medina came down on another little boom.

Capt. Joe Forst made an overland business trip to Hondo Thursday.

Mr. and Mrs. Ed Rieber and Mr. and Mrs. John Rieber of D'Hanis and Eugene Huesser of Hondo stopped over a little while Friday while en route home from San Antonio.

Born, to Mr. and Mrs. Albert Tschirhart of Noonan on Friday, June 20th, a daughter. We congratulate.

The dance given by the Biry Military Band at Wernette's opera house Saturday night was largely attended and very much enjoyed. The boys are certainly doing fine.

Mr. and Mrs. Joe Weiss and children and Emil Bendele and family passed through town Saturday evening en route to the big dam.

The Castroville Juniors went to Lacoste Sunday afternoon and played the Lacoste Juniors a game of ball and later a mixed nine of the Castroville Seniors crossed bats with the Lacoste Seniors. Lacoste was white-washed in both games to the tune of 7 to 8 and 7 to 14, respectively. Watch Castroville grow!

PUT ONE EYE OUT

Suffered 36 Years From Skin Disease.

I suffered from skin disease for 36 years, and about six months ago it attacked one of my eyes and put it out. After it was too late, I got a box of Hunt's Cure and began to use it. And I must say that it is the best remedy I have used in 36 years, and I believe it will cure any skin eruption.

At one time I had a very bad case of Eczema. It troubled me for seven or eight years, and although I tried all kinds of medicine and several doctors, I got no relief until I used Hunt's Cure. I used several boxes, and it finally cured me, and I have always kept a box with me for fear it will come back.

HUMOR OF THE DAY

The Pillow.

On a sofa at twilight a wee debutante held a pillow, a pillow, a pillow. And I said to her: "Little one, what do you want?"

With a pillow, a pillow, a pillow? Is it longing for company makes you adhere?

To that bundle of cotton and tapestry queer?

But she spoke not a word as she snuggled up near.

Her pillow, her pillow, her pillow.

I mused to myself as she sat there alone: "D— that pillow, that pillow, that pillow!"

Why, I surely should have the respect she has shown.

To a pillow, a pillow, a pillow? For here was a chance that I never should miss.

With the time and the place and the price, my heart went ker-thump! when I thought of the bliss.

Of the pillow, the pillow, the pillow.

So I cried, "I am sure as I look at your face."

And the pillow, the pillow, the pillow. That you wouldn't object if I traded my place.

With your pillow, your pillow, your pillow."

Now, although the fair maiden protested some more, 'Twas a dangerous spot for a young bachelor.

But I fought for my rights, and I threw on the floor.

Her pillow, her pillow, her pillow! —Puck.

One of our best known astronomers was talking about the difficulties and intricacies that astronomy presents to the lay mind.

"For instance," he said, "there is the story of the meteorite that fell on an Essex farm a year ago. It was a valuable meteorite, and the landlord claimed it at once."

"All minerals and metals on the land belong to me," he said. "That's in the lease."

"But the tenant demurred. 'This meteorite,' he said, 'wasn't on the farm, you must remember, when the lease was drawn up.'"

"This was certainly a poser, but the landlord was equal to the occasion, for he promptly retorted, 'Well, then, I claim it as flying game.'"

"But the tenant was ready for him. 'It's got neither wings nor feathers,' he said. 'Therefore as ground game it is mine.'"

"How long they would have continued their argument I cannot say, for at that moment a revenue officer came up and proceeded to take possession of the meteorite. 'Because,' said he, 'it is an article introduced into this country without payment of duty.'"

TEXAS NEEDS GREAT MEN

XXXV. CUSTOM

PLATO reprehended severely one of his pupils for committing a wrong and the young man said, "Why do you censure me so severely for so small a matter?" and Plato replied, "But custom is no small matter."

Many of our citizens vote a ticket according to custom without reference to party platform or to the ability of candidates. We can permit ourselves to be such complete slaves of custom that we lose our identity and become the property of politicians. No country can prosper where the noble impulses of progress are fettered by the coils of custom and whose citizens follow in blind adherence the paths of habit.

PLATO REPREHENDING HIS PUPIL.

Let him who would mount the rostrum of progress break the shackles of custom and give liberty to thought, and freedom to action; loose the galling chain of habit that binds industry and fetters progress and demonstrate to his fellow-citizens that a scrap heap is a most powerful factor in civilization. Texas Needs Great Men.

A Worker Appreciates This.

Wm. Morris, a resident of Florence, Oregon, says: "For the last fourteen years my kidneys and bladder incapacitated me for all work. About eight months ago I began using Foley's Kidney Pills, and they have done what other medicines failed to do, and now I am doing and feeling fine. I heartily recommend Foley Kidney Pills. Foley Kidney Pills do not contain habit forming drugs and are tonic in acting, quick in results. They will help any case of kidney trouble not beyond the reach of medicine. W. H. Windrow.

The Brilliant Stars of June

By the end of June, Mars, Venus, Saturn and Jupiter will all be morning stars, but Foley's Honey and Tar Compound is at all times the "Star" medicine for coughs, colds, croup and whooping cough. A cold in June is apt to develop into bronchitis or pneumonia as at any other time, but not if Foley's Honey and Tar Compound is taken. It will surely head off a cold, and heal the inflamed membranes. The genuine is in a yellow package. W. H. Windrow.

A Better Shoe for Men

The "Patriot"

In the "Patriot" you get the maximum of style, comfort and service—three qualities not often combined in a shoe.

The "Patriot" is the special pride of the 23 big "Star Brand" factories. The most skilled shoemakers among their 10,000 experts are making it.

There are over 750 styles of "Star Brand" Shoes. The leather in each hide is utilized according to grade. Only the finest cuts are used in the "Patriot". Each pair is as good as every other pair.

The style shown is one of our newest models for Spring—made of finest gun metal leather, hand welt, oak leather soles—New Rex last. Better than many other shoes costing a dollar more.

Beware of Adulterated Shoes

More than 90% of all shoes sold at \$4.00 and less contain paperboard, leatherboard and other cheap substitutes for leather. You pay leather prices for them.

Pure Shoe bills now pending in Congress and many different states are designed to protect you. We heartily endorse this legislation. The rights of 100 million consumers are greater than a few hundred manufacturers.

There is one way to be sure you are getting an honest leather shoe—simply ask for "Star Brand" shoes with the name on the sole and the Star on the heel. No substitutes for leather are ever used.

The "Patriot" and other "Star Brand" shoes are sold by nearly 20,000 good merchants. Don't just go into ANY store and ask for them, but come to us. We carry a complete stock.

: : VIEWS AND REVIEWS : :

THE Del Rio Herald advises us to forget Getzendaner's water troubles when the Texas Press Association paid an official call on the San Antonio breweries, and says "let's all go to Ft. Stockton in August. We understand that Comanche creek water beats the carbonated kind all hollow". Well, let Getzendaner have it; we positively refuse to walk that far—just to get a bath in Comanche creek!

WE are in receipt of a special invitation to "Fourth" with Joe Boehmer and the other live ones at Eagle Pass—"the best and most metropolitan city between Hondo and El Paso". We would be glad to visit the first real live town this side of the Rio Grande—coming this way—but we are going to do some Fourthing here and must defer our visit until there is less danger of a war scare over there.

ELSEWHERE we publish the program of the Texas Dry Farming Congress to be held in Sabinal in July. Of course, we don't expect all of our friends to go to Sabinal to hear our speech. Sabinal's assembly hall is limited in its seating capacity and some of you might have to stand up. But if Hondo wants the Congress next year, we would be glad she would send some one over there to ask for it. We would be afraid to try to entertain the entire Congress by ourselves without some help from the town.

A gentleman from the effete east, to whom every mesquite tree looks alike, started out from Hondo a few mornings ago for a stroll and to see the flowers in full-bloom. Reaching the Hondo creek, he went up the bank until he came to a road crossing, thinking he was on his way to town, he took the Verde road, beating it in the opposite direction when a native discover started him back, and stroll had lengthened hours walk before he back. "The LIFE of a wagon is what counts—that's why I buy a Studebaker"

"That's reasonable, isn't it?"

"A wagon that doesn't last is expensive no matter what price you pay for it."

"Suppose you buy three wagons, one after the other, and the three of them don't last as long as one Studebaker—which is the best bargain?"

"I didn't find this out myself. I heard my grandfather say it a good many years ago. He said he had proved that it paid to buy a Studebaker. I followed his advice to my own satisfaction."

"A wagon can't have life in it unless it has the material and work and finish in it. The Studebaker people have been making vehicles for sixty years. They ought to know how to make wagons right—and they do. They have the reputation because they've produced the goods. They don't put the name Studebaker on until the wagon's right, and when you see the name Studebaker on a vehicle of any kind it is your insurance of quality."

"That's why I buy a Studebaker. I trust a Studebaker wagon because I trust the people that make them. It's good business."

"A Studebaker promise is always made good."

After Close Of School.

What shall I do with son and daughter after close of school? This question confronts many parents at this season of the year. We all concede that it is better to keep young people busy. Many times they are not qualified to be really useful in store and office, and they are usually not old and strong enough to do a man's work on the farm. It is then largely a matter of choosing between sending them to a summer school or letting them loiter about town. Surely this is the time to consider a business education of Bookkeeping, Banking, Shorthand and Typewriting.

The cost is small—around \$50 for a single course of Bookkeeping and Banking or Shorthand and Typewriting, and around \$85 for the two courses combined.

The San Antonio Business College, 307 Alamo Plaza, San Antonio, Texas, makes a specialty of these branches as well as Commercial Law, Business, Arithmetic, spelling, Penmanship, Rapid Calculation, etc.

Last year one Banker sent his own son to this college through summer vacation, and paid the way of three other ambitious students. The President of the college, Mr. H. C. Mitchell, will send catalogue and full particulars concerning the school upon request.

Muffins

By Mrs. Janet McKenzie Hill, Editor of the Boston Cooking School Magazine.

When muffins are on the breakfast table, nobody cares for meat or eggs and they would be served more often if this meal were not prepared so hurriedly that there is no time to make them. If K C, the Double-Raise Baking Powder is used, the batter may be stirred up the night before, put in the pan ready for baking and nothing to do in the morning but bake them.

One-Egg Muffins

2 cups flour; 2 slightly rounded teaspoonfuls K C Baking Powder; 1 teaspoonful salt; 1 cup sugar; 1 cup melted butter or lard; 1 egg; 1 cup water or milk.

Sift dry ingredients together three times. Add to this the unbeaten egg, melted shortening and water or milk. Then beat all together until perfectly smooth. Oil muffin or gem pans and have oven slow until the muffins come to the top of the pan, then increase the heat to bake and brown the muffins. This recipe makes 12 large muffins. Raisins or currants may be added if desired.

Graham Muffins

1 cup graham flour; 1 cup pastry flour; 2 level teaspoonfuls K C Baking Powder; 1 to 2 level tablespoonfuls sugar; 1 teaspoonful salt; 1 egg; 1 1/2 cups milk or water; 2 to 3 tablespoonfuls melted butter; mix and bake as One-Egg Muffins.

Graham batter should always be quite soft to insure light and moist muffins.

To get 38 other recipes as good as these, send us the certificate packed in every 25-cent can of K C Baking Powder, and we will send you "The Cook's Book" by Mrs. Janet McKenzie Hill. Handsomely illustrated. Jacques Mfg. Co., Chicago.

Announcement

My Practical Baking Lessons Will Appear on This Page Every Week

So much interest has been shown in my work, and so many ladies have asked me why I did not publish my lessons, that I have prepared a series covering practically the whole field of home baking.

By special arrangement with the Manufacturers of K C Baking Powder and the publishers of this paper, the lessons will appear on this page every week, beginning this week.

I have tried to make these lessons thoroughly practical and I believe that every one contains at least one recipe worth saving, and some new idea that every housewife can adopt to advantage and that will repay a careful reading.

LOCAL DRUGGIST MAKES STATEMENT

Says Dodson's Liver Tone is the Best remedy for constipation and shirking Liver He Has Ever Sold

Every person who has tried Dodson's Liver Tone and knows how surely and gently it starts the liver to working and relieves biliousness will bear out Windrow's drug store in this statement about Dodson's Liver Tone.

"It is a purely vegetable liquid, that entirely takes the place of calomel, harmless and pleasant to the taste, that has proven itself the most satisfactory remedy for a slow-working liver that most of our customers have ever tried. A large bottle sells for fifty cents and we do not hesitate to give the money back to any person who tries a bottle on the strength of this statement and is not satisfied with the result."

In these days of doubtful medicines and dangerous drugs, a statement like the above is a pleasant assurance that Dodson's Liver Tone is a reliable remedy for both children and grown-ups. In buying a bottle for immediate or future use it is well to make sure you are getting the genuine Dodson's Liver Tone and not some spurious imitation that has copied our claims, but do not stand back of their guarantee. You may be certain of getting the genuine, if you go to W. H. Windrow's for it.
